

# Hunter Stockfeeds

PREMIUM FEED DIRECT FROM FARM TO YOU

December 3, 2020

## Meet the team at Hunter Stockfeeds

This month's staff introduction is Callan O'Rielly. Callan commenced work with Hunter Stockfeeds in March this year on a casual basis and we are very happy that as of November, Callan has joined the team as a Mill Hand on a full time basis. Callan is currently learning the ins and outs of the new grain cleaning machine. He has taken the lead in keeping the tools of the trade in their allocated spots, and look out if you don't put them back where they belong. When asked why he loves working at Hunter Stockfeeds, his reply was "cause Craig is the best boss, he has ever had".

On the weekends Callan can be found riding his YZ 450F Motorcross Bike around the track at Ravenswood Motorcross track or at competitions around the state.

**Stay safe, keep smiling and enjoy the journey! Craig and the team at Hunter Stockfeeds**

## Hello to all

Welcome to December, the festive month and boy do we have a lot to celebrate this year.

## The pain of being audited

The team at Hunter Stockfeeds have been working hard over the past months to improve the quality of our product and our services to our customers. But to say it has been an easy process would be an understatement. Our team has embraced new forms, new documentation, new schedules and new policies and procedures, to ensure that the requirements for each particular accreditation are met. The hard part was sifting through document after document to ascertain the requirements for our business. BUT to keep it simple, simply record what you are already doing.

***"Accreditation – the action or process of officially recognising a business as having a particular status or being qualified to perform a particular activity."***

## SOUTHERN CROSS CERTIFIED

For our customers who require organic products, we have successfully achieved Organic Accreditation through SXC – Southern Cross Certified, The National Standard for Organic and Bio Dynamic Produce. ***What does this mean to you, our valued clients? Hunter Stockfeeds can now supply 100% Certified Organic Maize.***

## EXPORT REGISTRATION

This week we were visited by the Department of Agriculture, Fisheries and Forestry for our first Export Registration Audit. Our team were scrutinized, our procedures checked, the premises inspected and **WE PASSED**. ***What does this mean to you, our valued clients? Hunter Stockfeeds can now clean/prepare your grain on site and have it certified for export all at the one venue.***

## HACCP ACCREDITATION

The much anticipated HACCP Accreditation Audit is scheduled for today. The team is ready and eagerly awaiting the arrival of the auditor, or should I say the meal at the pub that I have promised the team to celebrate our achievements. ***What does this mean to you our valued clients? Hunter Stockfeeds, we will be able to provide food grade produce for manufacturers supplying the food industry. \*\*\*\*\* LATE NEWS— WE PASSED \*\*\*\*\****
