

# Hunter Stockfeeds

PREMIUM FEED DIRECT FROM FARM TO YOU

January 2021

## Meet the team at Hunter Stockfeeds

This month's staff introduction is Jim Jowett. Jim has joined the team as a transport operator and is the proud driver of our new Mack Trident.

Jim was previously Operations Manager at Champions IGA, Long Gully. Jim brings to the business a wealth of knowledge and will also assist the business with the development of policies and procedures and safe work practices.

On weekends Jim can be found floating down the Edwards River in his 1/2 cab fibreglass outboard, chasing the elusive murray cod.

## Welcome to 2021

Welcome to 2021— I trust that you and your team enjoyed the festive season and hope that you were able to spend some time with your families.

The 2020 harvest has wrapped up and what a ripper, the local area around Elmore, was very fortunate to experience one of the best grain harvests that has been seen in the area for many years.

As a result of the renewed enthusiasm in the grain industry, Hunter Stockfeeds have partnered with Tasmanian Stockfeed Services and Van Diemen's Land Commodities to meet the needs of grain growers and traders.

As we have mentioned a number of times in our previous newsletters, customer service is our number one priority. One of the issues we have been concentrating on is trying to deliver your orders quickly and efficiently. During late 2020 the decision was made to increase our fleet and order an additional prime mover.

Welcome to 2021— a great start to the new year, the new Mack Trident has arrived and has been fully operational since day one of arrival. Jim Jowett has joined the transport operator team and is looking forward to meeting you—our clients.

The team at Hunter Stockfeeds look forward to working with you during 2021.

**Stay safe, keep smiling and enjoy the journey!**

***Craig and the team at Hunter Stockfeeds***
